## UNC ECHO for MAT

[www.echo.unc.edu](http://www.echo.unc.edu)

The ASAM Treatment of Opioid Use Disorder Course covers all evidence-based practices and medications for treating patients with opioid use disorder. Physicians will be eligible to apply for the DEA DATA 2000 waiver after completion of this course.

The ASAM Treatment of Opioid Use Disorder Course is designed for:

- Physicians, nurse practitioners, physician assistants, and healthcare team members working with patients with opioid use disorder.
- Physicians, nurse practitioners, and physician assistants who wish to obtain a waiver to prescribe buprenorphine in office-based treatment of opioid use disorder.

### Course Format

- Blended – four hours online, four hours live
  - 4 hours online: due by April 22, 2019
  - 4 hours of live learning on April 23, 2019 in Morrisville, NC

### Information about UNC ECHO for MAT

UNC ECHO for MAT is a research initiative to combat the opioid epidemic in NC and offers:

- One-One Mentoring
- Practice Coach Support
- DATA Waiver Training
- Case-Based Learning using the ECHO Model

**!! Anyone interested in treating opioid use disorder is welcome to join!!**

Course faculty are expecting learners to complete the first portion of the course before attending the live portion. This 4 hour online/4 hour live blended training satisfies eight hours of education requirements for providers to qualify for a DEA DATA2000 waiver. NPs and PAs can qualify after completing an additional 16 hours provided by ASAM, the American Association of Nurse Practitioners, and the American Academy of PAs.

ASAM is an approved provider by CSAT/SAMHSA of DATA 2000 training.

ACCME ACCREDITATION STATEMENT: The American Society of Addiction Medicine (ASAM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
